Key Technologies

Blu-ray Disc™ Full HD 1080p playback Enjoy Blu-ray Disc™ movies in brilliant high-definition resolution or upscale the quality of your DVDs to near HD.[1,2,8]

iPhone®/iPad® and Android™ phone Remote Control Download the free "Media remote" app to your iPhone®, iPad® or compatible Android™ phone and turn it into a versatile remote[5]. In addition to basic remote functions and a full Qwerty keyboard, this remote app also lets you search for more information about the movies you are watching on YouTube™ and Wikipedia® and allows you to share information with your friends via Twitter™ .

Wi-Fi® Adapter Ready Easily connect to your wireless broadband network with a USB Wi-Fi adapter.[5]

Quick Start/Quick Load Begin enjoying your entertainment faster than ever.

Gracenote™ Metadata Service with Cross Search Instantly gives you access to detailed information about the movies you are watching and lets you search across select internet apps, including YouTube™ and Qriocity™ , to find additional related entertainment.[6]

I/P Noise Reduction Improve the picture quality of Internet entertainment and enjoy crisp, clear images on your HDTV.

USB Input Share your videos or photos on the big screen or listen to your favorite music. Simply connect your digital camera, USB-enabled MP3 player, or USB storage device.[7]

Dolby® TrueHD & dts®-HD internal decoding and bitstream output via HDMI™ Dolby® TrueHD and dts®-HD (Master Audio and High Resolution Audio) codecs reproduces high definition sound with 7.1 channels of discrete audio so you can enjoy uncompromised audio.[9]

UPC Code: 027242813908

1. 1080p playback requires HDMI™ cable (sold separately) and HDTV with equivalent display capability.
2. Certain circumstances may limit/prevent Blu-ray Disc™ media playback.
3. Broadband speed of at least 2.5 Mbps recommended (10 Mbps for HD content). Video quality and picture size vary. Content provided subject to change. Premium content may require additional fees or a paid subscription. Wireless connectivity requires UWA-BR100 USB adapter (sold separately) and a home network with an 802.11 access point (802.11n recommended).
4. Application must be downloaded from the iTunes application store or Android Market application store. Check Android Market from your device for compatibility. Requires that the Blu-ray Disc Player and remote device be connected to the same wireless network with the remote device connected through an 802.11 access point (802.11n recommended).
5. Requires home network with an 802.11 access point. USB adapter required, sold separately.
6. Requires Internet connectivity. Some disc titles may not be supported by the Gracenote™ service.
